

The Hoxton

Shepherd's Bush

London, UK

ID: AIME Studios
Ennismore's in-house design studio

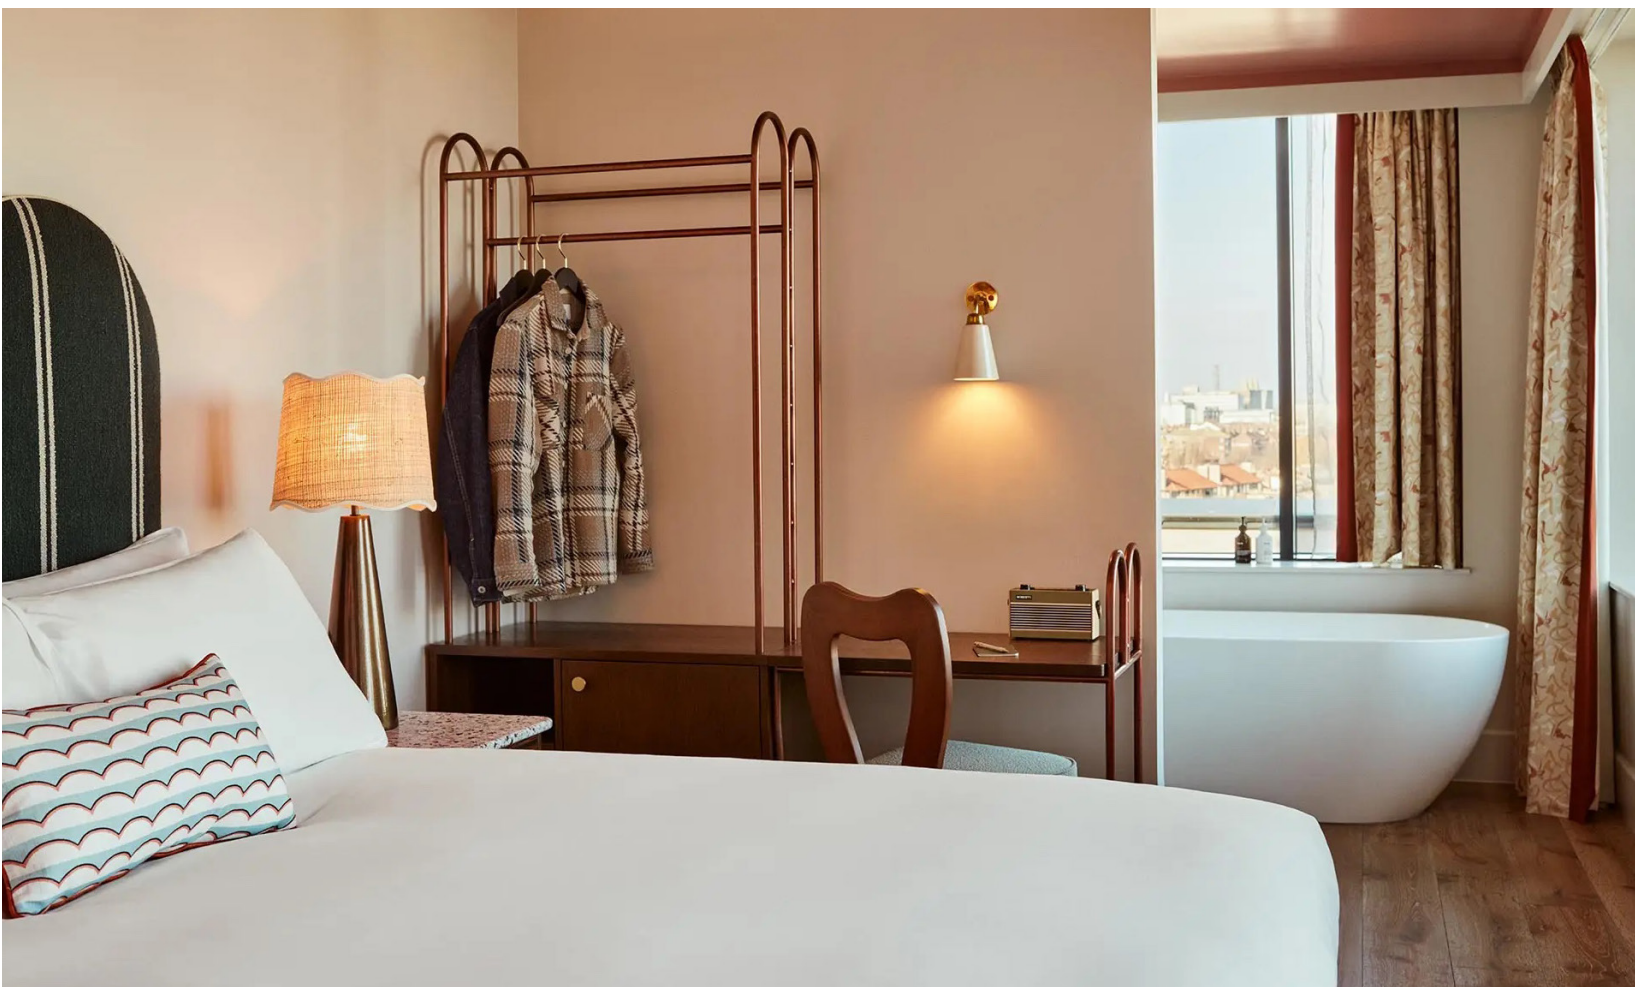

The Hoxton is a chain of hotels rooted in culture and community. Each one is the reflection of the neighbourhood where it is located and is inspired by the diversity of the streets and scenes that surround it.

With 270 bedrooms and suites, The Hoxton Shepherd's Bush sits slap bang in the heart of a neighbourhood famed for rock 'n' roll, independent shops, and vintage fashion. It is the perfect spot to soak up the West London vibe, celebrating the local atmosphere through art and design.

Interna was called to provide the furnishings for all the rooms, differently shaped spaces with light and bright walls and contrasting furniture in dark essences and copper details.

Beautifully designed to create an understated comfort, The Hoxton's Shepherd's Bush bedrooms are warm and cosy, yet functional. The beds are particularly sumptuous and extremely comfortable, with headboards that have a strong personality defined by refined textures, geometric patterns and fluid, playful shapes.
