

## The Glasshouse Watford, UK

ID: Martin Hulbert Design  
Client: Ralph Trustees

The Glasshouse restaurant and bar, part of the Hertfordshire luxury country house hotel The Grove, is as bright and airy as the name suggests.

For this glass gem Interna UK produced and supplied the loose furniture: elegant chairs, tables and benches -with a muted yet chic palette- created ad hoc by the British designer Martin Hulbert.

The relationship between Interna and Ralph Trustees started in 2003 and recently consolidated with the renovation of the guestrooms, lounges and restaurant areas of the entire property.
