

## The Pearl Marrakech

A very special and unique relationship between confort and the art of welcoming.

*to start the New Year in the most fashionable way*

Located in the heart of Marrakech, The Pearl offers to the guest a luxurious experience in a sophisticated and chic ambience. For this “pearl” of Morocco, Interna was called to supply the loose furniture for public areas, guestrooms and suites with items selected from its own collection *Les Grands Classiques de Jacques Garcia*. Draped silks, velvety fabrics, all declined in the tones of purple to recreate a modern take on the Moroccan style, with a painstaking attention to every small detail and in compliance with the highest standards of production.
