

Private Villa Muscat

Oman

Period: 2015
Client: Private Owner

For this prestigious residential project Interna provided, turnkey, fixed and loose furniture and performed high quality level construction and decoration works. The areas of interest were the most prestigious and representative: the wide entrance area and the staircase, the corridors, the living and the dining room, the high perimeter walls.

All furnishings have been designed specifically for this project and produced exclusively with different finishes of excellence for each area, but with a constant contrast between glossy and matt effect in a mix of gold leaf, antiqued brass, polished stainless steel, extra clear or dark antiqued mirror. Prominent in this project was the decoration work performed by Italian masters decorators, with high quality paintwork in Pantone white snow, laying of wallpaper and inclusion on walls and ceilings of architectural elements in plaster hand-decorated directly on site. Unique and precious were the numerous mirrors made on exclusive design, the tapestries, the curtains and the carpets.

Private Villa Muscat

Oman

Period: 2015
Client: Private Owner

Per questo prestigioso progetto residenziale Interna ha fornito, chiavi in mano, arredi fissi e sciolti e ha eseguito opere edili e di decorazione a un livello qualitativo elevatissimo. Le aree di intervento sono state quelle più prestigiose e di rappresentanza: l'ampia zona dell'ingresso e la scalinata, i corridoi, il salone living, la sala da pranzo, le alte pareti perimetrali a vista.

Tutti gli arredi sono stati disegnati ad hoc per il progetto e prodotti in esclusiva con finiture all'insegna dell'eccellenza e diverse per ogni area, ma con una costante contrapposizione tra effetto lucido e opaco in un mix di foglia d'oro, ottone brunito, all'acciaio inox lucido, specchio extrachiaro o scuro anticato. Rilevante è stato in questo progetto il lavoro di decorazione eseguito da maestri decoratori italiani, con tinte di grande pregio in pantone bianco neve, posa di carte da parati e inserimento a parete e soffitto di elementi architettonici in gesso decorati a mano direttamente in loco. Di grande preziosità anche i numerosi specchi dal disegno esclusivo, gli arazzi, i tendaggi, i tappeti, tutti unici.

Pour ce prestigieux projet résidentiel, Interna a fourni, clé en main, tous les meubles et les menuiseries et a réalisé les travaux de construction et de décoration selon un degré très haut de qualité. Les espaces intéressés sont les plus prestigieux et les plus représentatifs: le très grand hall et l'escalier, les couloirs, le living room, la salle à manger, les hauts murs périmétraux.

Tous les meubles ont été conçus spécialement pour ce projet et réalisés en exclusivité avec des finitions d'excellence, différentes pour chaque espace mais caractérisées par un contraste constant entre l'effet brillant et mat dans un mélange de feuilles d'or, de laiton poli, d'acier inoxydable poli, de miroir extra clair ou foncé effet vieilli. Les travaux de décoration réalisés par de grands maîtres décorateurs italiens avec l'emploi de peinture de grande qualité en Pantone blanc neige, la pose de papiers peints et celle sur les murs et les plafonds d'éléments architecturaux en plâtre décorés à main et sur place, sont très significatifs pour ce projet. Sans oublier les nombreux miroirs au design exclusif, les tapisseries, les rideaux et les tapis tous très précieux et uniques.
